RE: LANGLEY PROJECT  
Marble Cornerstone

Attention of Mr. R. S. Goodwin

Gentlemen:

Confirming our telephone conversation of August 7, 1959, our representative has tentatively selected a corner-stone at quarry in Vermont. This stone has been marked "hold".

In order to give the Quarry Manager more time to find a better stone, it is necessary for him to know how much time he has prior to shipping the stone.

Also, the Quarry Manager is not aware of who is to do the letter cutting, etc. It would, perhaps, be best that the cutting and polishing be done at the Vermont Quarry, thereby allowing them to set their own time schedule.

We trust that you will coordinate this matter so that any delay will be avoided.

Very truly yours,

HARRISON & ABRAMOVITZ

Carl W. Holmes
